

ANTI-STAT ELIMINATOR

ANTI-STAT ELIMINATOR Prevents Accumulation of Static Electricity

DEFIANCE ANTI-STAT is a liquid product that prevents the accumulation of static electricity on hard or carpeted surfaces.

DEFIANCE ANTI-STAT can be used on computer and electronic equipment. It is also effective in preventing static build-up on carpeting in the winter.

Directions

Use one part of **DEFIANCE ANTI-STAT** to six parts of water, and spray on rug. One gallon of defiance Anti-Stat will treat 5,600 square feet of average density pile. Defiance Anti-Stat must be sprayed on the carpet.

Packaged in 4x1 Gallon cases
